Re: Case #25-0443 INV

Investigation pursuant to Act 142 of 2024 into the
creation of a statewide program to reduce energy
burden

Vermont Electric Cooperative Response to Order Entered 03/10/2025

On March 10, 2025, the Public Utility Commission (PUC) issued an Order directing the Vermont electric and gas distribution utilities to provide information about their existing programs focused on reducing or stabilizing energy costs for households with low and moderate income. Please see the attached spreadsheet that includes programs that target these income groups, as well as other billing, electrification and load management incentives that may provide benefit to these communities.

We look forward to engaging in this process as it moves forward.

Sincerely,

Andrea Cohen, Manager
