Re: Petition of ER Dunsmore, LLC for a Certificate of Public Good pursuant to 30 V.S.A. § 248, authorizing the installation and operation of a 4.95 MW solar electric generation facility off Dunsmore Road in the Town of St. Albans, Vermont

Dear Mr. Poor:

On May 5th 2025, ER Dunsmore, LLC (“DRS”) filed a Petition with the Vermont Public Utility Commission for a Certificate of Public Good pursuant to 30 V.S.A. § 248, a copy of which has been served on the Department via ePUC. With this Petition, DRS is requesting Commission approval for the installation and operation of a 4.95 MW solar electric generation project located in St. Albans, Vermont.

DRS respectfully requests that the Department of Public Service make a determination under 30 V.S.A. § 202(f) that the Project is consistent with the Vermont Electrical Energy Plan. The issue has been addressed in the prefiled direct testimony of Taegen Kopfler, submitted with the Petition.

Please let me know if you have any questions concerning the filing. We look forward to hearing back from the Department at your earliest convenience.

Sincerely,

Victoria M. Westgate, Esq.
