Re: VELCO 248(j) Upgrade of the Highgate Interconnection Facilities-Highgate (25-0779-AN).

The Northwest Regional Planning Commission (NRPC) has reviewed the 45-day notice for the Section 248 application from VELCO for a 25 MW increase to the capacity of the Highgate Interconnection Facility.

Upon review of the 45-day notice, the Northwest Regional Planning Commission has found that the project conforms with the Northwest Regional Plan. This determination is based on the information currently available and the NRPC may have additional comments as the process continues. Please feel free to contact me should you have any questions.

Sincerely,

Emily Klofft
