DEPARTMENT OF PUBLIC SERVICE FILING OF COMPLIANCE DOCUMENTS

On June 5, 2025, the Public Utility Commission (“Commission”) issued an *Order Addressing Energy Savings Account and Customer Credit Programs*, in which it required that the Department of Public Service (“Department”) file revised participant guidelines and fillable pdf application forms by June 13, 2025. In addition, the Commission requested that the Department file a “fillable pdf version of the existing participant attestation form” containing the same attestation approved by the Commission which will be sent to program participants by Efficiency Vermont as part of the Department-proposed simplified application process for existing ESA and ESA pilot program participants. With this filing, the Department is simultaneously filing the requested participant guidelines and application forms. However, the Department does not have an “existing participant attestation form” it can provide with the attestation to be submitted by existing program participants<sup>1</sup>; per the process proposed by the Department and approved in the Commission’s order, Efficiency Vermont will supply the attestation language to program participants in a form they will sign and return to Efficiency Vermont. If the Commission would like the Department to create a form with this language, it would be happy to do so, but the Department wanted to clarify that there is not an existing form

---

<sup>1</sup> The attestation language reads: “Participant confirms that the accounts listed above are the accounts that will be included in the Energy Savings Account Program. The Participant also agrees to follow all Commission rules governing ESA, including those in the March 12, 2025, Order in Case No. 24-2317-INV, and all requirements in the Energy Savings Account and Customer Credit Program Guidelines.”

that has been used for this purpose.

Dated at Montpelier, Vermont this 13<sup>th</sup> day of September 2025.
