Rosato, David M [PUBCOM]
Received notice of 7.35% base rate increase. It appears that GMP plays a game most every year by requesting an increase of more than double that which is reasonable. The PUC plays their part of the game and settles on 3.xxx% thinking the customer got some kind of a win. When is the PUC going to put their foot down and place a 2% cap on increases for 5 years? Almost $100 to register a car and a power company bent on driving Vermonters out of the state. Enough!
