DEPARTMENT OF PUBLIC SERVICE’S MOTION TO EXTEND DEADLINE

The Vermont Department of Public Service (“Department”) moves for the Vermont Public Utility Commission (“Commission”) to extend the deadline by which the parties to this proceeding may file responses to single-plant definition proposals. The deadline is currently August 8, 2025. The Department respectfully requests that the Commission extend this deadline to September 5, 2025. The extension will allow the Department to seek input from Department staff with scheduling conflicts so that the Department can provide a thorough review of existing proposals and develop a counter proposal. The Department maintains that the reasons stated above represent good cause to grant the extension.

Dated at Montpelier, Vermont, this 5th of August, 2025.
