Case No. 25-0257-PET

Petition of Rising Tide Towers II, LLC pursuant to 30 V.S.A. § 248a requesting a Certificate of Public Good for an installation of a wireless telecommunications facility in Pownal, Vermont

Motion to Intervene

We, Terry Brown and Jane Wilkerson abide at 718 Montgomery Rd, a parcel adjacent to the property on which this proposed tower would be located, have not received any notices or communication about this case.

On the list of those receiving notice appears Cellco Partnership dba Verizon Wireless at an address in Texas. Verizon Wireless and also T-Mobile operate cell towers on an easement on our property and are not owners of the property. In fact, their towers are in our barns.

As owners of this property, we request that we be included in the list of adjoining landowners and that any deadlines we may have missed for filing motions in response to these plans be extended so that we may have the opportunity to do so.
