

STATE OF VERMONT
PUBLIC UTILITY COMMISSION

Case No. 25-0729-TF

Tariff filing of the Town of Hardwick Electric Department for an overall rate increase of 13.24% effective with service rendered on or after June 1, 2025	
---	--

JOINT PROPOSED REVISED SCHEDULE

On July 31, 2025, the Town of Hardwick Electric Department (“HED”) requested that the Public Utility Commission (the “Commission”) amend the schedule in the above-reference docket. As of the date of this filing, the Commission has not responded to that request. HED respectfully requests that the Commission further revise the schedule as proposed below. It pushes the entire schedule back by one week from the version filed on July 31st. The Department of Public Service has agreed to the proposed revised schedule. HED notes there is good cause to allow the amendment because of the challenging time of year given individuals’ schedules and the quantity of rate cases that Vermont Public Power Supply Authority is currently conducting. HED has already indicated that it has agreed to waive the “seven-month rule” pursuant to 30 V.S.A. § 227(a).
