<u>Intervention as of Right by Statute or Commission Rule</u> (This is uncommon; leave blank if not applicable to your situation.) Please identify any statute or Commission rule that you think gives you a legal right to be a party in the case.	
<u>Intervention as of Right without Statute or Commission Rule</u> Please identify the interest you have that must be decided in this proceeding and explain (a) why a decision in this proceeding will impair your ability to protect that interest, and (b) why another existing party to the case does not adequately represent that interest.	

Permissive Intervention by Statute or Commission Rule

Please identify any statute or Commission rule that you believe gives you a conditional right to intervene in this proceeding, and explain why you believe the conditions have been met. Please also explain why your participation as a party will not unnecessarily delay this proceeding or otherwise unduly prejudice the interests of existing parties.

Permissive Intervention without Statute or Commission Rule

Please identify the interest you have that must be decided in this proceeding and explain why your participation as a party will not unnecessarily delay this proceeding or otherwise unduly prejudice the interests of existing parties.

Aesthetics and Town Plan. The viewshed map shows that the tower would be visible from much of my property and cause an undue adverse aesthetic effect to myself and everyone who enjoys the incredible scenic views as we walk all over the property to enjoy the most beautiful place on earth. The location of this tower does not comply with Tinmouth's town plan and telecom by-law. As an active member of this community, I support our town's vision and specific policies that have made this the amazing place that it is. Intervening in this case is the only way to protect our interests and will not unnecessarily delay this proceeding or otherwise unduly prejudice the interests of existing parties.

I request a hearing.
