The Rule 2.209 Criteria	
<u>Intervention as of Right by Statute or Commission Rule</u> (This is uncommon; leave blank if not applicable to your situation.) Please identify any statute or Commission rule that you think gives you a legal right to be a party in the case.	
<u>Intervention as of Right without Statute or Commission Rule</u> Please identify the interest you have that must be decided in this proceeding and explain (a) why a decision in this proceeding will impair your ability to protect that interest, and (b) why another existing party to the case does not adequately represent that interest.	

<u>Permissive Intervention by Statute or Commission Rule</u> Please identify any statute or Commission rule that you believe gives you a conditional right to intervene in this proceeding, and explain why you believe the conditions have been met. Please also explain why your participation as a party will not unnecessarily delay this proceeding or otherwise unduly prejudice the interests of existing parties.	
<u>Permissive Intervention without Statute or Commission Rule</u> Please identify the interest you have that must be decided in this proceeding and explain why your participation as a party will not unnecessarily delay this proceeding or otherwise unduly prejudice the interests of existing parties.	Public interest necessitates that the Commission ensure that information provided by BED to Burlington rate payers and the city council is accurate, truthful and not misleading. Mr. Johnson raised this concern in his letter and so this is the appropriate case to investigate. My participation in other cases (23-1129-CC, 23-3799-INV) has not created unnecessary or undue delay and I see no reason my participation in this case would create undue delay.
<u>Certification</u> This section may be completed by the intervenor or a duly authorized representative.	
I certify that the information provided on this form is true and accurate to the best of my knowledge.
