<a href="#">11/07/2025</a>	spencer, Gordon allen [PUBCOM]	<p>This is another excuse for the assault on the town of Lowell. The town should have the final say on this nonsense. Solar in this form is unlikely to enhance the aesthetics of Vermont and will have no impact on the power supply or benefit to Vermont or the town of Lowell. The developer is going to get a rubber stamp on this mess and get the "green Credit scam \$". I would not be surprised if one or both of our state senators received contributions from this developer. Save Vermont and stop this.</p>	Filed
