RE: Case Nos. 25-1792-TF and 25-1809-TF, regarding Stowe Electric Department's (SED) request for Commission determination

Dear Ms. Anderson:

The Department has reviewed SED's cover letter, request for Commission determination, and draft proposal for decision in the above-captioned dockets and offers the following clarification regarding the Department's posture in these cases.

While the Department appreciates SED's eagerness to implement its proposed time of use and electric vehicle tariffs, the Department is still reviewing these filings and plans to use the time allotted by the schedule to submit prefiled testimony. While the Department has not yet taken a posture contesting SED's proposed tariff, we do plan to file testimony suggesting changes to these programs that the Department believes would improve rate design with respect to the goals of Section 33(b) and (c) of Act 55 (2021).

Sincerely,

Michael A. Swain, Special Counsel
