Dear Notice Parties:

The purpose of this letter is to provide you notice that Novus 242 Solar LLC (“N2S”) has submitted a Section 248 Petition to the Vermont Public Utility Commission (“PUC” or “Commission”) for approval of a 3.75 MW solar electric generation facility to be located off of Vermont Route 242 in Jay, Vermont (the “Project”). The Project will occupy approximately 12.87 (±) acres of an approximately 66 (+/-) acre parcel off Vermont Route 242. Advance notice of N2S’s intent to file this Petition was previously sent out on November 7, 2025 and was assigned Case No. 25-2786-AN by the Commission.

The Commission deemed the Section 248 Petition administratively complete on February __, 2026 and has opened a new case to review the Project, which has been assigned Case No. 26-____-PET. The Petition and supporting materials (including written testimony, maps, plans, and other exhibits) are available on the Commission’s website at <https://epuc.vermont.gov/> under this case number. If you are not able to access the materials electronically, a hard copy of the Petition and supporting materials may be obtained by contacting Olivia Voth at SRH Law by phone (802) 860-1003 or email at service@srhlaw.com.

The PUC has issued a Citizens’ Guide to the Vermont Public Utility Commission’s Section 248 Process, which can be found on the PUC website at <https://puc.vermont.gov/document/citizen-guide-public-utility-commission>, and further information on public participation in this process can be found at <https://puc.vermont.gov/document/public-participation-and-intervention-proceedings-public-utility-commission> and <http://puc.vermont.gov/document/section-248-procedures>.
