REQUEST FOR INFORMATION

On June 16, 2025, the City of Burlington Electric Department (“BED”) filed a petition with the Vermont Public Utility Commission (“Commission”) requesting approval of a rate increase of 4.5% to be effective with service rendered on or after August 1, 2025, for bills rendered on and after September 1, 2025.

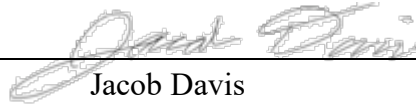

On February 6, 2026, BED responded to my information request dated January 22, 2026.

As a follow-up, I request that BED respond to the following request for information as soon as practicable, but no later than February 17, 2026.

1. In my information request dated January 22, 2026, I asked BED to detail the types of expenses that are recorded under FERC account 909 – Informational Advertising. In its response, BED noted that the expenses recorded in the account included, among other items, “advertising for rebates and programs (including BED’s Tier 3 rebates, Energy Efficiency Utility rebates, and energy assistance program)” and “community outreach regarding programs.” Please explain if and how the Energy Efficiency Utility refunds BED for the advertising of Energy Efficiency Utility rebates and any other Energy Efficiency Utility expenses that may recorded under this account.

SO ORDERED.
