Dear Public Utility Commission,

As a retired, elderly Vermonter living on a fixed income, I vehemently oppose the requested rate hike by Green Mountain Power in Case No. 26-0096-TF. This will raise my monthly electric bill by at least 20 dollars per month. Every year GMP has requested an increase and every year the Commission grants it. A few years ago my electric bill was a little over one hundred dollars per month. With the yearly increases in rates, charges, and fees granted to GMP my bill is now averaging close to \$250 per month.

Enough is enough. Please do not grant any increase this year or in the least a very, very tiny one.

Thank you,
[REDACTED]
