

**STATE OF VERMONT  
PUBLIC UTILITY COMMISSION**

Case No. 25-2356-PET

Petition of Williston G Katie Lane Solar, LLC  
requesting a certificate of public good, pursuant  
to 30 V.S.A. § 248, for a 2.9 MW ground-  
mounted solar array off Mountain View Road in  
Williston, Vermont

**PETITIONER’S UNOPPOSED MOTION TO MODIFY SCHEDULE <sup>1</sup>**

***This document was filed ePUC***

Petitioner, having consulted with other parties in this case, hereby moves the Commission to modify the scheduling order in this case for the reasons and in the manner set forth herein.

On December 3, 2025, the Commission entered a Scheduling Conference Order (“Scheduling Order”) setting forth the schedule in this case.

On February 10, 2026, pursuant to the Scheduling Order, Petitioner served its responses to ANR’s second set of discovery requests on the topic on potential natural resource impacts from distribution line upgrades that may be necessary for the Project’s interconnection to the grid. The distribution line in question is owned by GMP. After Petitioner’s responses, Petitioner learned that GMP will likely make additional changes to the design of the distribution line upgrade, thereby requiring Petitioner to supplement its discovery responses to ANR.

Petitioner, Petitioner’s natural resources experts, and GMP are in discussion about the changes to the design. Meanwhile, ANR awaits supplementation of discovery before being able to advance MOU negotiations. As a result, counsel for Petitioner and ANR have concluded that they cannot meet the Scheduling Order’s March 10, 2026 deadline for filing an MOU, which both parties hope to be able to do eventually pending further negotiations informed by supplemental discovery.

---

<sup>1</sup> Per Commission Rule 2.225(A), the parties of record as of the date of this filing have jointly developed this schedule. The Petitioner and the parties reserve the right to request an extended schedule that would include written or oral discovery if Non-Petitioner Testimony raises concerns that the Petitioner needs to explore prior to filing rebuttal testimony.

Accordingly, Petitioner hereby moves to extend the MOU deadline by forty-five days to enable time for supplementation of discovery, analysis of supplemental discovery by ANR, and further negotiations between Petitioner and other case parties relating to MOUs. Additional deadlines in the case would be modified as follows:

|                |                                                                                                                                                                                  |
|----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| April 24, 2026 | Deadline for filing MOUs and/or Comments                                                                                                                                         |
| May 7, 2026    | Deadline for filing non-adversarial Non-Petitioner Testimony                                                                                                                     |
| May 14, 2026   | Deadline for Petitioner's Response Testimony (Petitioner's testimony to respond to potential non-adversarial non-Petitioner testimony)                                           |
| May 21, 2026   | Requests for evidentiary hearing, and proposed schedules for litigation, including Non-Petitioner testimony, Petitioner discovery on Non-Petitioners, if contested issues remain |
| June 4, 2026   | If no hearing is requested, the Petitioner shall submit a proposal for decision                                                                                                  |

Petitioner has consulted with counsel for other parties in this case and is authorized to state that they do not oppose Petitioner's motion.

DATED at Montpelier, Vermont, this 4th day of March 2026.
