03/05/2026	Turcotte, Justin Daniel [PUBCOM]	7.5 % is well above inflation. As a provider of housing, food, and industrial services these costs will be passed along to renters, people who eat low-cost meals like senior meal programs and college students, and companies that attempt to do business in Vermont. As a regulatory body you have the responsibility of balancing the competing needs of: ready to serve, profit, and the low-income people who pay the bills. Please help keep Vermont affordable. Thank you Justin Turcotte	Filed
