

STATE OF VERMONT PUBLIC UTILITY COMMISSION

Case No. 24-3345-PET

Limited Size and Scope Application
Of Bell Atlantic Mobile Systems, LLC
d/b/a/ Verizon Wireless and Vertex Towers, LLC.
For a Certificate of Public Good,
Pursuant to 30 V.S.A. § 248a, authorizing the
Construction of a telecommunications facility
in Manchester, Vermont

STIPULATED MOTION TO CONTINUE DATE OF ORAL ARGUMENT

The Town of Manchester respectfully requests that the Public Utility Commission continue the oral argument presently scheduled for May 13, 2026. The need for the continuance is because the Town's counsel has a long-since previously scheduled deposition of an expert witness in a case involving multiple parties. Rescheduling the deposition would be very costly and would inconvenience numerous people. The Town understands that the Petitioner's counsel is not available during the last two weeks in May. Accordingly, the Town requests that the oral argument be rescheduled for a date within the first two weeks of June, but excluding June 11 because of a previously scheduled deposition with respect to which the witness has been compelled by subpoena.

The Town is authorized to represent that the Department and the Petitioner both assent to the requested relief, including the proposed date range.

Dated this 7th day of May, 2026.
