Dear Landowner:

The purpose of this letter is to provide you notice that Novus Buck Solar LLC (“NBS”) has submitted a petition to the Vermont Public Utility Commission (“PUC” or “Commission”) for approval of a 4.999 MW solar photovoltaic electric generation facility off Vermont Route 100 in Newport Town, Vermont (the “Project”). The Project will occupy approximately 17.63 acres of an approximately 57.67 acre parcel of land off Vermont Route 100. Advance notice of NBS’s intent to file this Petition was previously sent out on December 10, 2025, and assigned Case No. 25-3051-AN.

The Commission deemed the petition administratively complete on May __, 2026 and has opened a new case to review the Project, which has been assigned Case No. 26-____-PET. The Petition and supporting materials (including written testimony, maps, plans, and other exhibits) are available on the Commission’s website at <https://epuc.vermont.gov/> under this case number. If you are not able to access the materials electronically, a hard copy of the Petition and supporting materials may be obtained by contacting Olivia Voth at SRH Law by phone (802) 860-1003 or email at service@srhlaw.com.

The PUC has issued a Citizens’ Guide to the Vermont Public Utility Commission’s Section 248 Process, which can be found on the PUC website at <https://puc.vermont.gov/document/citizen-guide-public-utility-commission>, and further information on public participation in this process can be found at <https://puc.vermont.gov/document/public-participation-and-intervention-proceedings-public-utility-commission> and <http://puc.vermont.gov/document/section-248-procedures>.
