

Panoramic View

Northwest

North

Northeast

East

The image above is a +/- 180° Panoramic view from Mountain View Cemetery located on the north side of Vermont Route 58, approximately 655 feet southwest of the closest proposed array, panning from northwest (left) to southeast (right). The white rectangle represents the extent of the simulation photo, within which the nearest proposed array structure is approximately 685 feet away.

Base Photography

Date: August 22, 2025
Time: 11:46 am
Image Size: 6,048 x 4,024 pixels

Camera Properties

Camera Make/Model: Nikon D7000
Sensor Dimensions: 23.6 mm x 15.6 mm
Lens Make/Model: Nikkor DX AF-S 35 mm
35 mm Equivalent Focal Length: 52.5 mm
Approximate Angles of View:
37° wide and 25° high
Camera Height: 1.5 meters (5 feet)

Project Design Notes:

The simulation is based on the best information available in April 2026.

Viewpoint Information

Viewpoint Number: 10
Location: Mountain View Cemetery - Lowell, VT
Latitude: 44.8009°
Longitude: -72.4461°
Viewpoint Elevation: 1,016 feet (Approx.)
Orientation: Looking northeast

Simulation Viewing Notes

The simulation is properly printed on an 11-by-17 inches sheet at actual size. The simulated image is at the proper perspective when viewed at 23.5 inches from the eye or at a distance of approximately twice the image height. If viewed on a computer monitor, use the highest screen resolution.

Sheet Information

Sheet 1 - Cover Sheet

General Information and contextual panorama.

Sheet 2 - Existing Conditions

Existing view looking directly towards the Project, as represented by the white rectangle in the panoramic view above.

Sheet 3 - Simulated Conditions (No Mitigation)

Proposed view looking directly towards the project.

Sheet 4 - Simulated Conditions with Mitigation (At Installation)

Proposed view looking directly towards the Project with mitigation plantings at time of install.

Sheet 5 - Simulated Conditions with Mitigation (7-Year Growth)

Proposed view looking directly towards the Project with mitigation plantings at 7-years after installation.
