Re: Case No. \_\_\_\_/Village of Jacksonville Electric Company's tariff filing requesting an overall rate increase in the amount of 17.72%, to take effect July 5, 2026

Dear Ms. Anderson:

Enclosed please find revised rate schedules and supporting documents for the Village of Jacksonville Electric Company ("Jacksonville"). Jacksonville hereby files rates for electric service to take effect on service rendered on or after July 5, 2026.

The Rate Filing

The filed rates are derived by increasing all existing rates, under all existing rate schedules, by an identical 17.72% on or after July 5, 2026. Enclosed with this filing is a draft copy of a Notice to Customers for your review and comment.

This request reflects an overall increase in the retail revenue requirement of \$241,957, primarily attributable to increases power supply costs and net income.

The power supply portion of the filing is covered by the prefiled testimony and exhibits of Jillian Jurczyk.

The Department of Public Service has been served a copy of this filing. If you have any questions, please do not hesitate to give me a call.

Regards,

Elijah D. Emerson
