V.S.A. § 248, authorizing the installation	)	Case No. 26-0925-PET
and operation for a 4.999 MW ground-	)	
mounted solar array in Newport Town,	)	
Vermont	)	

PETITIONER’S REPONSE TO COMMISSION REQUEST FOR STATUS UPDATE

On May 29, 2026, the Public Utility Commission (“Commission” or “PUC”) issued a Status Update Request requesting that Petitioner Novus Buck Solar LLC (“NBS”) provide an update to anticipated issuance of the System Impact Study (“SIS”) for the Project by Vermont Electric Cooperative (“VEC”). VEC has confirmed to NBS that there has been some unanticipated delay in the review, but that VEC now expects to have a draft on or around June 12, 2026. Petitioner would therefore anticipate being able to file the SIS on or before June 19, 2026.

Dated at Burlington, Vermont, this 2nd day of June, 2026.
