

STATE OF VERMONT
PUBLIC UTILITY COMMISSION

Case No. 25-2607-INV

Investigation into the City of Burlington Electric Department's operations and management practices	
---	--

THE VERMONT DEPARTMENT OF PUBLIC SERVICE
POST AUDIT AVAILABILITY

On June 9, 2026, the Vermont Public Utility Commission ("Commission") held a status conference in the above captioned matter. At the status conference, the Hearing Officer requested that parties provide their availability for the purpose of scheduling final meetings related to the ARC Business Solutions Inc. ("ARC") business process audit of the City of Burlington Electric Department ("BED").

ARC anticipates providing a final audit to the Vermont Department of Public Service ("Department") on or around July 23, 2026. Depending on the outcome of the audit the Department anticipates either one or more collaborative final discussions of the audit and next steps or a contested conclusion to this proceeding.

In response to the Hearing Officer's request for availability the Department conferred with ARC and with BED. The Department proposed availability for final meetings based on the availability of the Department's Commissioner. Based on that discussion, the Department proposes August 24, 2026, from 1:00-3:00 PM and August 26, 2026, from 2:00-4:00 PM as being available for the ARC, BED, and the Department.

[Signature on the following page.]

Dated at Montpelier, Vermont this 19th Day of June 2026.
