 04/13/2026	Tirrito, Victor [PUBCOM]	I oppose to this tower for several reasons: 1) Proposed location is too close to my property line, tower could have been located in a lesser intrusive spot on the property owners ~720 acres. 2) Propose radio tower lacks necessary independent review/support from the Vermont Dept of Public Safety/Radio Technologies Task Force evaluating such proposals for lesser intrusive impacts & societal benefits. 3) Proposed tower will only support a single cellular provider & lacks general societal benefit.
