**VILLAGE OF JACKSONVILLE ELECTRIC COMPANY'S

The Village of Jacksonville Electric Company (“JEC”), by and through its counsel, Primmer Piper Eggleston & Cramer PC, hereby moves the Vermont Public Utility Commission (the “Commission”) to amend the schedule in the above-referenced docket as follows:

Evidentiary Hearing	Week of April 12, 2027*

There is good cause to amend the schedule because the time period that JEC would have been responding to discovery questions propounded by the Department of Public Service (the

“Department”) was heavily impacted by planned vacations and unplanned personal emergencies at both JEC and Vermont Public Power Supply Authority, which has complicated JEC’s ability to respond to the discovery questions. The movant understands that the Department does not object to this request.

WHEREFORE, the Village of Jacksonville Electric Company respectfully requests that the Commission amend the Scheduling Order as indicated in this motion.

Dated at Burlington, Vermont this 4th day of September, 2026.

Respectfully submitted,

VILLAGE OF JACKSONVILLE
ELECTRIC COMPANY
