PUBLIC UTILITY COMMISSION

Case No. 26-0096-TF

Tariff filing of Green Mountain Power Corporation for a 7.5% rate increase effective with bills rendered on or after October 1, 2026	
--	--

Order entered: 09/30/2026

ORDER APPROVING COMPLIANCE TARIFFS

On August 28, 2026, the Vermont Public Utility Commission (“Commission”) issued an order partially approving a proposed rate increase for Green Mountain Power Corporation (“GMP”).¹ The Commission directed GMP to file a revised cost of service, calculating the precise increase authorized by the Commission’s decision. The Commission also directed GMP to file revised tariffs consistent with the order.

On September 4, 2026, GMP filed a revised cost of service for Fiscal Year 2027 (“FY27”) resulting in a final rate increase of 5.51% after implementing the Commission’s authorized return on equity of 9.05% and adjusting the resilience spending for FY27. GMP also filed revised tariffs to reflect the 5.51% rate increase to be effective with bills rendered October 1, 2026.

On September 17, 2026, the Vermont Department of Public Service (“Department”) filed comments stating that it “has reviewed and does not oppose GMP’s compliance tariffs.”

The Commission has reviewed GMP’s compliance tariffs and revised cost of service, as well as the recommendation of the Department. We conclude that the compliance tariffs comply with the August 28 order. Therefore, we approve GMP’s revised tariffs reflecting a 5.51% rate increase effective with bills rendered October 1, 2026, and this case is closed.

SO ORDERED.
