PUBLIC UTILITY COMMISSION
STATE OF VERMONT
PUBLIC UTILITY COMMISSION**

Case No. 24-2797-PET

Petition of Vermont Renewable Gas, LLC for a Certificate of Public Good pursuant to 30 V.S.A. § 248(j) for Approval to Construct and Operate a 2.2 MW Electric Generation Facility in Lyndon, Vermont	
--	--

**Motion to Admit
Supplemental Prefiled Testimony of Alexander Skorokhodov**

Vermont Renewable Gas, LLC (“VRG”) respectfully moves the Commission to admit the Supplemental Prefiled Testimony of Alexander Skorokhodov into the evidentiary record in this proceeding.

In support of this motion, VRG states as follows:

1. On August 26, 2024, VRG filed a petition for CPG to construct and operate a 2.2 MW electric generation facility in Lyndon, Vermont under a Standard Offer contract with a twenty-year term;
2. Among other testimony, VRG’s petition is supported by direct prefiled testimony from Mr. Skorokhodov. Mr. Skorokhodov’s testimony addresses several issues including testimony regarding the Decommissioning Plan and Estimate submitted to fulfill the requirements of Commission Rule 5.900;
3. Since the original filing of the Petition, the Commission declared the Standard Offer contract for the proposed facility null and void. As a result, the original contract term of twenty years no longer applies;

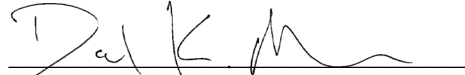

4. For that reason, and at the request of the Vermont Department of Public Service, VRG seeks to submit supplemental testimony sponsoring revisions to the Decommissioning Plan and Estimate to remove the reference to the twenty-year term;
5. The Commission held an evidentiary hearing on August 24, 2026 and admitted prefiled testimony from Mr. Skorokhodov and the original Decommissioning Plan and Estimate;
6. Mr. Skorokhodov's testimony will be accompanied by Exhibit VRG-AS-9 Supplement No. 1, describing revisions to the original Decommissioning Plan and Estimate; and,
7. The admission of Mr. Skorokhodov's Supplemental Prefiled Testimony will not cause undue delay or prejudice to any other party. This testimony and the exhibit are necessary because the Standard Offer contract is no longer in effect.

The undersigned counsel has corresponded with all parties at the below email addresses regarding this motion. The Vermont Agency of Natural Resources, Vermont Agency of Agriculture, Vermont Department of Public Service, and Conservation Law Foundation responded and had no objection. Counsel for Intervenor Steven Dolgin, and Madeline and Ernest Hasting responded that he would file a response to this Motion. The Town of Lyndon Electric Department, John Ling, Town of Lyndon, and Town of St. Johnsbury did not respond.
