

## MEMORANDUM

To: EEU-2013-01 Service List

From: Susan M. Hudson, Clerk of the Board

Re: Department of Public Service Request for Extension

Date: November 12, 2013

---

On August 1, 2013, the Public Service Board ("Board") issued an Order in this proceeding that included a deadline of November 12, 2013, for the Department of Public Service ("DPS"), energy efficiency utilities ("EEU"), and other stakeholders to file comments on Thermal Efficiency and Process Fuels ("TEPF") modeling input assumptions.

On November 8, 2013, the DPS filed a request for an extension of this deadline, until November 15, 2013, for all stakeholders. The DPS represented that Vermont Energy Investment Corporation and the City of Burlington Electric Department did not object to its request.

In the August 1 Order, the Board designated Thomas Knauer, Utilities Analyst, as the lead Board staff for this proceeding, with authority pursuant to Board Rule 2.215(C) to make modifications to the schedule as appropriate. Mr. Knauer has asked me to inform you that the request for an extension of the comment deadline is granted. The deadline for the DPS, EEUs, and other stakeholders to file comments on TEPF modeling input assumptions is November 15, 2013.
