Re: EEU-2013-02 (ESA Limitation on Qualified Expenses) – Deadline for Comments

Date: June 11, 2013

On May 31, 2013, the Champlain Water District ("Champlain") filed a letter with the Public Service Board ("Board") asking the Board to reconsider one aspect of the Energy Savings Account ("ESA") program.

As described in the attached filing, Champlain asks the Board to review the ESA program's requirement that limits reimbursable project expenses to costs with an estimated payback of at least 18 months on the customer's investment.

Any person wishing to file comments on Champlain's request should do so on or before June 24, 2013. Comments should include what, if any, additional process is appropriate for responding to Champlain's request. If Champlain wishes to file reply comments, including on what, if any, additional process is appropriate for responding to its request, it should do so on or before July 5, 2013. All comments should be circulated via e-mail and should reference matter number EEU-2013-02.
