Re: EEU-2013-02 (ESA Limitation of Qualified Expenses) – Comment Deadline on  
Request to Extend Deadline for Filing DPS Recommendations on Program Design

Date: December 23, 2013

---

The Public Service Board's ("Board") November 4, 2013, Order in this proceeding required the Vermont Department of Public Service ("DPS") to file the results of its evaluation of the Energy Savings Account ("ESA") program and recommendations on all aspects of the ESA program design on or before December 31, 2013.<sup>1</sup>

On December 20, 2013, the DPS filed the results of its evaluation of the ESA program. Accompanying the report was a request for an extension of time until February 14, 2014, for the DPS to file its recommendations on all aspects of the ESA program design.<sup>2</sup> The DPS stated that additional time would enable it to prepare a red-line edited version of the original ESA program design, to denote where it thinks program changes should be made. The DPS added that additional time would enable it to share its proposed modifications to the ESA program design with other stakeholders with the goal of making a consensus filing on programmatic changes.

Any person wishing to file comments on this request for an extension of time should do so on or before January 3, 2014. All comments should be circulated via e-mail, and should reference proceeding number EEU-2013-02.
