---

Dear PUC Clerk,

I had tried to submit on EPUC and it did not work.

Please share this with the commissioners and other party's to the case.

I just withdrew to the case #17-5024 Chelsea Solar.

I withdrew because the hearing officer has not ruled on the motion to quash and the motion for protective order that was filed on June 19th.

If I hadn't withdrawn from this, I would have been expected to drive 6+ hours round trip, to Burlington, for the deposition.

This process has been very burdensome and not easy for a regular Vermont resident.

The intimidation from the developers has been overwhelming to many involved and they have shown very little concern not only to the Vermont landscape but gross disregard for Vermont residents.

Sincerely,

Roberta Caslin / Bennington, VT
