**Cc:** Carine Dumit <cdumit@tesla.com>  
**Subject:** Case No. 18-2660-INV, workshop telephone participation request

Dear Ms. Holly R. Anderson,

On behalf of Tesla, Inc., I am writing to request permission to participate in the Public Utility Commission's Friday November 16, 2018 Electric Vehicle Investigation Workshop by phone. My colleagues Carine Dumit and Junaid Faruq have participated in previous workshops and have submitted comments in PUC Case No. 18-2660-INV. Unfortunately, due to previously scheduled travel, they are unable to participate in this Friday's workshop. I am based in Washington, DC and am unable to travel to Montpelier, but I am available to participate by phone.

Sincerely,

**Patrick Bean | Policy and Business Development**
