**State of Vermont  
Public Utility Commission**

**MEMORANDUM**

To: Participants in PUC Case Number 19A-1242  
From: Tom Knauer, PUC Policy Director *TK*  
Re: Request for Comment  
Date: May 16, 2019

---

On April 29, 2019, Green Mountain Power Corporation (“GMP”) provided notice of a proposed Resilient Home Innovative Pilot (the “Pilot”) pursuant to its alternative regulation plan approved by the Vermont Public Utility Commission (“Commission”) in Case No. 17-3232-PET.

On May 8, 2019, Renewable Energy Vermont (“REV”) filed public comments on the Pilot. GMP filed its reply to REV later that day.

On May 14, 2019, the Department of Public Service (“Department”) filed comments on the Pilot. The Department recommends that the Commission suspend and investigate the Pilot. In the alternative, the Department recommends that the Commission impose four requirements on the Pilot. GMP filed its reply to the Department on May 15, 2019. GMP states that it “is working collaboratively with the Department to tackle many of the new questions outlined in their comments, and we remain ready to address the remaining issues discussed in their comments, by amendment to the Pilot.”<sup>1</sup>

The Department is requested to please file any response to GMP’s May 15 reply by no later than 12 P.M. (noon) on Tuesday May 21, 2019. In its response, the Department is requested to state whether it continues to seek suspension and investigation of the Pilot or whether the Department’s concerns may be addressed by GMP’s reply and willingness to amend the Pilot.

---

<sup>1</sup> GMP reply at 6.
