Re: Case #20-0703-PET

- (1) how lifting the moratorium has affected their disconnection numbers

We still have not completed any disconnects. Now that we are into the colder weather the added steps and restrictions make it difficult to complete.

- (2) how many of their customers have made use of VCAAP funding

We had 62 customers receive funds through VCAAP.

- (3) what percentage of their customers who have arrearages are actively participating in, or seeking to participate in, discussions about repayment plans.

There have been about 5 customers who have set up payment plans which is 1.6% of customers that are in arrears.
