**STATE OF VERMONT
PUBLIC UTILITY COMMISSION**

Case No. 20-0203-INV

Investigation into the establishment of)
reduced rates for low-income residential)
ratepayers of Vermont electric utilities)

VERMONT DEPARTMENT OF PUBLIC SERVICE EXTENSION REQUEST

On March 9, 2021, the Vermont Public Utility Commission (“Commission”) issued an order lifting the stay and scheduling a workshop in the above-referenced proceeding. Specifically, the Commission requested that the Vermont Department of Public Service (“Department”), Green Mountain Power Corporation (“GMP”) and GDS Associates make a presentation on GMP’s low-income Energy Assistance Program at a workshop currently scheduled for March 25, 2021.

The Department respectfully requests that the Commission move the workshop date from March 25, 2021 to early May, 2021. This extension of time will ensure that the Department, GMP, and GDS Associates have an adequate amount of time to fully prepare an informative presentation. The Department conferred with GMP on this matter and has been authorized to state that GMP does not object to this extension request.

Thank you, and please contact me with any questions.

Dated at Montpelier, Vermont this 15th day of March, 2021.
