

Information About This Hearing Request Form

What is this form?

You can use to request a hearing on an application to construct a net-metering system. Please note that the form does not become effective until you (or your duly authorized representative) complete, sign, and file the form with the Commission, with copies to those who are entitled to receive a copy.

Who can use this form?

Anyone can use this form, provided they have obtained party status from the Commission. You may request party status by filing the appropriate “Motion to Intervene” or a “Notice of Intervention” form with the Commission. These intervention forms are available at www.puc.vermont.gov or can be obtained by contacting the Clerk of the Commission at puc.clerk@vermont.gov. You may file this Hearing Request Form at the same time that you seek to intervene.

When should I file this form?

This form must be filed by the date printed on the top of the application form.

Where do I send this form?

You can use ePUC (the Commission’s online filing and case management system) to both file this form and send it to the parties in the case. More information about how to file this form using ePUC is available at www.puc.vermont.gov. Alternatively, if you do not participate in this case electronically, you must mail the original of the completed form to: Vermont Public Utility Commission at 112 State Street, Montpelier, VT 05620-2701. You must also mail copies of the completed form to all parties in the case. You can obtain a list of names and addresses of the parties in the case by contacting the Clerk of the Commission at puc.clerk@vermont.gov.

What happens after this form is filed?

Commission staff will review this form for completeness. Provided you have identified issues that are within the Commission’s jurisdiction to resolve, you will be contacted by the Clerk of the Commission regarding a date for a scheduling conference, which is a meeting where the parties to a case discuss how to proceed with the case, including setting a schedule, identifying issues to be resolved at the hearing, and any other matters deemed appropriate by the Commission. If your request for hearing does not identify any issues that are within the power of the Commission to resolve, then you will be informed of this fact and no hearing will be scheduled.

Hearing Request

Please identify all issues that you would like addressed at the hearing. For example, "I would like to present evidence concerning the presence of necessary wildlife habitat at the project site." The statutes that govern the siting of net-metering facilities are 30 V.S.A. §§ 248 and 8010.¹ Please be as specific as possible in describing the issue. Attach additional sheets of paper if necessary. An opportunity for you to file evidence in support of your position will be provided in the schedule for the case, provided the issue you would like to raise is within the Commission's jurisdiction to resolve.
