PROCEDURAL ORDER RE: SECOND MOTION TO DISMISS OR STAY

This case concerns an application filed with the Vermont Public Utility Commission (“Commission”) by Randolph Davis Solar LLC (“Petitioner”) to construct and operate a 500 kW group net-metered solar electric generation system in Randolph, Vermont (the proposed “Project”).

On March 29, 2022, Michael Binder and Joan Allen (“Intervenors”) filed a second motion to dismiss or, in the alternative, stay this proceeding. The Intervenors request that the Commission dismiss the Petitioner’s application because the Petitioner has failed to correctly map and delineate streams and wetlands on the property and to map the vernal pool complex located on the Intervenors’ land contiguous to the property. The Intervenors also allege that the Petitioner has failed to provide “an accurate cross section of a typical section of the access road.” Alternatively, the Intervenors ask that the proceeding be stayed so that their wetlands expert may enter and inspect the site.

The Petitioner’s response to the Intervenors’ motion is due to be filed on **April 12, 2022**. Replies to the Petitioner’s response should be filed by no later than **April 22, 2022**.

SO ORDERED.

Dated at Montpelier, Vermont, this 4th day of April, 2022.
