09/27/2022	Hendrickson, Arthur [PUBCOM]	We have been notified that WEC is asking for a rate hike of over 10%. I feel in this day and age of utilities, hospitals, and the likes asking for rate increases such as this while the majority of the people of the state do not have \$500 at their disposal in case of an emergency is terrible. Just look how many people line up for free food. Vermont is simply becoming unaffordable. It is time for WEC to live within its means. Please do not grant WEC's request for such an outrageous rate increase.
