Case No. 22-2954-PET

Petition of the Department of Public Service to open a proceeding to initiate EEU Demand Resources Plan proceeding for the 2024-2026 and 2027-2029 performance periods	
--	--

Order entered: 02/03/2023

PROCEDURAL ORDER

On January 24, 2023, the Vermont Department of Public Service (“Department”) filed a motion seeking a three-week extension of the schedule with respect to the Demand Resources Plans (“DRP”) filed by Vermont Gas Systems, Inc. (“VGS”) and the City of Burlington Electric Department (“BED”).¹ The Department states that its request is necessary because its key staff person responsible for overseeing the Department’s review of the VGS and BED DRPs has become ill and is unable to complete that work at this time. The Department represents that it has consulted with the energy efficiency utilities and that VGS, BED, and Efficiency Vermont do not object to its motion.

The Department’s motion appears necessary and no party objects. Accordingly, the motion to extend the schedule with respect to the DRPs filed by VGS and BED is granted. The amended schedule is as follows.

February 2, 2023	Public workshop regarding EEU proposals
February 16, 2023	Last day for discovery requests on VGS and BED proposals, with 14-day response
March 16, 2023	Deadline for reply testimony and exhibits in response to VGS and BED proposals
March 17-April 6, 2023	Discovery requests on parties’ reply testimony, with 14-day response

¹ The schedule regarding Efficiency Vermont’s DRP would remain unchanged, as would the scheduled workshop on February 2, 2023.

April 21, 2023	Scheduling conference to discuss further process; parties to file proposed schedules seven days before scheduling conference (April 14)
