new distribution mainlines in Addison County,)
together with three new gate stations in)
Williston, New Haven and Middlebury,)
Vermont)

Order entered: 8/21/2014

ORDER RE: POST-CERTIFICATION TECHNICAL HEARING SCHEDULE

On July 1, 2014, Vermont Gas Systems, Inc. ("VGS") filed with the Vermont Public Service Board (the "Board") a proposed schedule for discovery and hearing on post-certification review issues related to the Old Stage Road re-route. No objection to that proposed schedule has been made by any party, which the Board now approves, with one change. On August 12, 2014, VGS communicated that it has designated new lead counsel for the technical hearing, which necessitates a change of the proposed date for the technical hearing from the period from September 16-26, 2014, to the week of September 22, 2014. The Board has determined that the post-certification technical hearing will begin on Tuesday, September 23, 2014, beginning at 1:30 P.M.

SO ORDERED.

Dated at Montpelier, Vermont, this 21st day of August, 2014.
