<ul style="list-style-type: none"> 02/28/2023 Bushman, Stephen [PUBCOM] Why aren't the applicable Net Metering Tariffs being used to account for charges and revenues against net metering for the test year v rate year? Site and REC adjuster penalties, monthly account fee, account set up fee, meter installation fee, excess generation rate (much lower than the kWh rate shown), and expired credits do not appear on the net metering spreadsheet. Accounting for these could have an impact on rates. Filed
