PUBLIC UTILITY COMMISSION**

Case No. 22-4100-TF

Tariff filing of Washington Electric Cooperative, Inc. for approval of a 14.19% rate increase effective on a service-rendered basis commencing November 1, 2022

VERMONT DEPARTMENT OF PUBLIC SERVICE COMMENTS

On June 5, 2023, the Vermont Public Utility Commission (“Commission”) requested that the Vermont Department of Public Service (“Department”) review and comment on Washington Electric Cooperative, Inc.’s (“WEC”) (1) proposed plan to return funds to current and former customers (“Plan”); and (2) compliance tariffs. After its review, the Department does not oppose WEC’s Plan. Regarding WEC’s compliance tariffs, the Department reviewed and identified certain tariffs that did not accurately reflect the approved 12.83% rate increase. The Department discussed these inaccuracies with WEC and, in response, WEC filed updated tariffs with the Commission on June 21, 2023. After its review of WEC’s June 21, 2023 compliance tariffs, the Department identified no further issues.

Thank you, and please contact me with any questions.
