Docket No. 8585

Investigation into Meteorological Tower at 700)
Kidder Hill Road in Irasburg, Vermont)

MOTION OF RESPONDENT DAVID BLITTERSDORF TO AMEND SCHEDULE

Respondent David Blittersdorf, by and through undersigned counsel, submits the following motion to amend the schedule in the above-captioned proceeding.

The Hearing Officer's Procedural Order Amending Schedule, dated April 11, 2016, established an April 27, 2016 deadline for the parties to file a stipulation or proposed schedule for the remainder of the proceeding.

Over the past couple of weeks, Respondent has engaged in fruitful discussions with other parties that Respondent believes are likely to lead to a stipulation or other negotiated outcome in the proceeding. However, additional time is needed to engage in further negotiations, and to formalize any agreement that may be reached.

Accordingly, Respondent requests that the Hearing Officer grant a six-week extension, until Wednesday, June 8, 2016 for parties to file a stipulation or proposed schedule for the remainder of the proceeding.

Respondent has discussed this proposed amendment to the schedule with the other parties, and is authorized to represent that the Department, the Agency of Natural Resources and the Town of Irasburg do not object to this request.
