

STATE OF VERMONT
PUBLIC UTILITY COMMISSION

Case No. 23-2220-RULE

Proceeding to design the potential Clean Heat Standard	
--	--

VERMONT DEPARTMENT OF PUBLIC SERVICE
MOTION TO EXTEND

On November 3, 2023, the Vermont Public Utility Commission (“Commission”) issued an “Order Seeking Recommendations for Funding Report” in the above referenced proceeding. The Commission set a deadline for comments by November 20, 2023. The Vermont Department of Public Service (“Department”) respectfully requests an extension of the November 20, 2023, comment deadline and requests a new comment deadline of December 4, 2023.

During the week that the “Order Seeking Recommendations for Funding Report” was issued, key members of the Department Clean Heat Standard team were unavailable. The Department requires additional time to fully analyze the issues related to funding the Clean Heat Standard and give the best recommendations possible. A two-week extension would give adequate time for the Department to deliver comprehensive recommendations to the Commission.

Dated at Montpelier, Vermont this 14th day of November 2023.
