

STATE OF VERMONT  
PUBLIC UTILITY COMMISSION

Case No. 23-2220-RULE

Proceeding to design the potential Clean Heat Standard	
--	--

**VERMONT DEPARTMENT OF PUBLIC SERVICE**  
**MOTION TO EXTEND**

On November 17, 2023, the Vermont Public Utility Commission (“Commission”) issued an “Order Requesting Comments on Clean Heat Credit Ownership” in the above-referenced proceeding. The Commission set a deadline for comments by December 8, 2023, and reply comments by January 2, 2024. The Vermont Department of Public Service (“Department”) respectfully requests an extension of the January 2, 2024, comment deadline and requests a new comment deadline of January 16, 2024.

The requested extension is necessary to provide Department staff with adequate time to perform a complete evaluation of and response to comments on credit ownership. Members of the Department have scheduled time off during the holidays, so there will not be enough time to craft comments with the current deadline for reply comments. A two-week extension would give adequate time for the Department to submit comprehensive reply comments to the Commission.

Dated at Montpelier, Vermont this 7<sup>th</sup> day of December 2023.
