07/17/2024	Bladyka, Pollyanna [PUBCOM]	My comment — the incredible opportunity that GMP is giving its customers regarding the Powervalls installation and rental. Since power outages have become more common and the climate is growing more unstable I wanted to find a back up source for our home's energy. After much research and price comparing, we settled on power walls. They are clean, quiet, and absolutely NO labor. Since 5/17 (installation) we've had a microburst, 5 outages and last night's 70 mph winds. See attached file	Filed
