Dear VT,

I am not supportive of the Affordable Heating Act. VT is on the fast track to driving hard working Vermonters out of the state. The problem with the democrat's policies is that eventually they are going to run out of other people's money. If the extreme taxing of the working class does not stop, I WILL leave the state as soon as I retire. And I will take my pension with me. And it's sad, I grew up here, but VT is dead set on driving me out of the state. This is no longer a state where my kids will be able to grow up and have the same childhood I had. The only people who will be left will be the trust fund babies and people who depend on EBT and WIC to survive.
