My wife and I are lifelong residents of Vermont, residing in Jericho for over 40 years. I have never in my life encountered such an illogical action by law makers. With no yardstick to measure any success with this money grab it turns into just that, a money grab.

As hard working, retired residents we will not be able to afford living in our beloved state much longer.

We know you don't care about us so this email is just a vent so you realize we do not stand with you on this money grab, or any of the others.

Hope you are enjoying your unrealistic salary increase in Montpelier while we live on a fixed income.

Hope you rot in hell.

Dean Humphrey
